

Candidate Motivation Letter

Name of Candidate: Marko Tulus

Chapter: Beijing

Position: Treasurer

Motivation Letter - EUCC Treasurer

It is my honor and pleasure to re-apply for continuation in the position as Treasurer for European Union Chamber of Commerce in China. I have served as the EUCC Treasurer during the past period 2020-2021.

My working experience in China extends for over 10 years in different roles for Sandvik Group, a Swedish based global high-tech and engineering group. Most recently I have been working as Country Officer and CFO for Sandvik China.

By applying for the position of EUCC Treasurer, I will be able to offer both professional capabilities and long experience to support EUCC activities from EUCC's financial management aspects through a pragmatic approach. Furthermore, I will actively engage to contribute through active participation within Finance working group and facilitating networking among members and stakeholders will support our member companies' capabilities jointly.

During this period in China, I have had the opportunity so obtain extensive local business experience across industries in which our company operated together with customers. It has also given me a wide perspective on needs and requirements which are needed to support operations of European companies in China. As the economic environment is under continuous development, the role of Treasurer offers a unique, and even more important possibility to contribute to policy making in favor of European companies.

I'm looking forward to working closely with EUCC member companies and continuing actively contributing in the EUCC's work in the role of Treasurer.

Biography

I have over 25 years of leadership experience from working in the international arena in all parts of the world. Of this, last 10 years I have been working in China and APAC area.

In my current role Country Holding Officer and CFO of Sandvik, I am responsible for Finance and Tax related functions, and Group legal governance of Group holdings. Sandvik is a Swedish based high-tech and global engineering Group with about 2.500 employees in China.

In earlier positions, I have been leading Finance, Manufacturing, Supply Chain and Marketing functions in Sandvik's global divisional level. I have close experience from industries within Engineering, Mining & Construction, Lighting and Oil & Gas.

During the past two years as EUCC Treasurer, I have had the privilege to participate to the EUCC's work and gained good understanding of the Chamber's operations. I hold a M.Sc. degree in Finance from Aalto University, Finland as educational background.
